History

Hi, I'm Bastien — a UX designer from sunny southern France, now exploring Canada on a two-year working holiday adventure.

Hard skills : Miro, Figma, Figjam, Figmamake, Hotjar, AdobeXD, Illustrator, Photoshop

Soft skills : Empathie, Atomic design, SCRUM, animation , médiation

## CURRENT POSITION

Freelance

### UX/UI Designer Depuis Dec 2024

I continue to advance my career in the design industry, specializing in the creation of complex products — from business software to custom web applications. I'm increasingly leveraging AI to enhance creativity, streamline workflows, and push the boundaries of what's possible.

### [Mynotary - Lyon France](#)

### UX/UI Designer Jan 2022 - Dec 2024

Key responsibilities:

- Designed and carry new features for our SaaS platform.
- Led the Research phase, including user interviews, prototype testing, and journey mapping.
- Managed the UI phase, creating the design system and interactive prototypes.

### [Isotech company - Lyon France](#)

### UI Designer Octo 2019 - Sept 2021

Key responsibilities:

- I created an e-commerce website for DIY and construction materials.
- Led the Research phase
